

## find your inner beauty

Studio Classique is Perth's leading photographic studio, offering not only exquisite portraiture, but also a memorable life experience. Recognised throughout Australia for our cutting edge technology, Studio Classique stands out by offering top quality digital retouching and special effects, so that every portrait is, quite literally, breathtaking. Our skilled team of highly qualified professionals will make even the most camera-shy person feel at ease. Best of all, we'll take the time to get to know you and your needs to bring out your inner beauty for all to see. We make sure that we take great photographs of **you** ... not a stranger!

## the ultimate perfection

Studio Classique is a fully digital studio, so not only will you be able to view the results of your photo session on the same day, but you will also have a vast range of choices regarding your final images. Our advanced technology allows us to produce your photographs in colour, black & white, sepia or add special effects such as spot colours for a more unique look. Cellulite and stretch marks can also be removed by our digital artist if required, for a small additional charge.

## the power of choice

There are 5 portrait styles that you can choose from: casual, contemporary, elegant, sensual and nude. Your partner or family are welcome to join you at no extra charge providing no additional hair and makeup styling is required.

You may select 2 styles for your photo session, for example an elegant look for yourself and a sensual couple shot with your partner, or a casual look first then a contemporary family shot later. The choices are endless and they are all yours. Remember this is your day and your chance to have the pampering you deserve.

nude	<input type="radio"/>	<input type="radio"/>	

## relax and be pampered

You can expect your day with us to go as follows:  
 Consultation: 15 mins    Hair & Makeup: 1 hour  
 Photo Shoot: 1 hour    Select & Purchase: 1 hour

On arrival, you'll be welcomed with refreshments and a calm, relaxing environment. Use this time to peruse our albums and see some examples of our work. One of our friendly staff will join you for your pre-session consultation and discuss the looks that you would like to achieve. Then, sit back and enjoy an hour of pampering while our professional makeup artist and hairstylist transforms you.

Before your photo session please:

- Moisturise only  
- come with a clean, makeup-free face.
- Do any necessary waxing or shaving (legs, underarms, facial or bikini line).
- Ensure your fingernails and toenails are looking their best.
- If you want a sensual look we recommend a visit to a tanning salon for a spray-on tan.
- Remember, we don't wash, cut or colour your hair so you will need to wash and dry your hair yourself before your photo session. If your hair is coloured, please make sure there is no regrowth showing (regrowth becomes very obvious under the bright studio lights).
- If you have a particular hairstyle in mind, or don't want to have your hairstyle changed, please let our stylist know.
- Feel free to bring along magazine clippings of styles you like.

## what will I wear?

Once you're all made up, our stylist will help you select which of your outfits will look best in the photo shoot. Don't panic we can do a lot with all styles of clothing.

Some valuable tips are:

- o Keep clothing simple – don't bring busy patterns because they are distracting.
- o Bring tops with interesting necklines.
- o Make sure you feel comfortable in all of the clothing you bring along.
- o If your partner or family will be joining you, ensure that your clothing doesn't clash.
- o Don't forget accessories such as jewellery, hats and shoes.

## I don't know how to pose!

Now you're ready for the photographs to be taken. There's no need to worry, most people don't know how to pose and feel uncomfortable in front of cameras. That is why you have chosen Studio Classique – you have already spent over an hour relaxing and being pampered. Your makeup artist will introduce you to your photographer who will make sure you're at ease in the studio and will advise you on everything from your pose, right down to the look in your eyes.

- o Information is power, so we will do our utmost to keep you informed every step of the way.
- o We need you to tell us as much about yourself as possible so that we can bring out your personality in the photos.
- o Who are the photos for?  
Is this a special occasion?  
... anything you can tell us will help us create a look for you that is distinctly unique.

## an experience to remember

After an hour in the studio, you will have time to get changed and relax before seeing the results. As we are a fully digital studio we can show your images on the same day – especially appealing for our country clients – and in a variety of sizes, colours and finishes. Our viewing consultant will help you decide on the images you like best, as you will have so many great images to choose from. We will also give you advice on the best size and colour for each image you select. If you feel you will need help in making your choice, why not arrange for a friend or family member to join you?

- o If you have had a family shoot, it may be a good idea to arrange for another family member to pick up any small children and take them to a playground to let off steam after an hour of being inside the studio.
- o When you have made your selection, you can pay for your portraits by cash, cheque, eftpos or credit card. You have the following payment options:
  - Payment in full on the day.
  - 50% deposit on the day. Your balance is due within 30 days.
  - Interest free payment plan. Note: You must place a minimum 10% deposit on the day and provide your bank account and BSB details. Make sure you bring them with you.
- o Delivery of prints can be arranged if you cannot collect your order personally.
